Mr. Gordon M. Thomson
Executive Director
Kern River Cogeneration Company
P.O. Box 80478
Bakersfield, CA 93380

Dear Mr. Thomson:

COVERED PARKING, KERN RIVER COGENERATION PROJECT, 82-AFC-2C

This letter is in response to your August 19, 1997 letter informing us that you intend to install a cover over existing parking spaces adjacent to the KRCC control building.

We have determined that the addition is an insignificant change to the project. On September 12, 1997, we sent a Notice of Post-Certification Change regarding your proposal to the project mailing list. Having received no comments on the notice within the 14 day response period, a description of your project change has been added to the Compliance project file. No further Commission action is required.

If you have any questions regarding this matter, please contact me at (916) 654-3864.

Sincerely,

A handwritten signature in black ink that reads "Robert J. Brand". The signature is fluid and cursive, with a long horizontal stroke at the end.

Robert J. Brand
Compliance Project Manager
Energy Facilities Siting and
Environmental Protection Division

RECEIVED IN DOCKETS

NOTICE OF POST-CERTIFICATION CHANGE
FOR KERN RIVER COGENERATION COMPANY'S
KERN RIVER COGENERATION PROJECT
82-AFC-2C

The Kern River Cogeneration Company (KRCC) has notified the California Energy Commission (Commission) of a proposed change to the project description of the Kern River Cogeneration project. The proposed change consists of installing a cover over existing parking spaces adjacent to the control building.

Pursuant to Title 20, California Code of Regulations, section 1769, Commission approval for this change is not required if Commission staff determine that the change does not affect a condition of certification, does not cause a significant effect on the environment, and does not cause the project to be out of compliance with any applicable laws, ordinances, regulations or standards.

Staff has determined that KRCC's proposal to install the cover in the parking lot meets the above criteria. Any person may file an objection to staff's determination within 14 days of service of this notice on grounds that the project change does not meet the criteria set forth in section 1769. If no objection is filed, no further Commission action will be taken other than placing the project change in the project file.

If you wish to file an objection to the staff determination, please contact Mr. Robert Brand, compliance project manager, within 14 days of the date of this notice at the address above or call him at (916) 654-3864.
