**Re: Sycamore Cogeneration Company (84-AFC-6C)**  
**Courtesy Notification of Upstream Transfers of Ownership**

Dear Ms. Dyas:

By letter dated March 21, 2014, Sycamore Cogeneration Company, the holder of the Commission's certification for the Sycamore Cogeneration Project (the "Project") notified you of certain planned upstream transfers of ownership. None of these upstream transfers of ownership affected the Commission's certificate holder, Sycamore Cogeneration Company.

The purpose of this letter is to inform you that the upstream ownership transfers described in our March 21, 2014 letter were completed and closed on April 30, 2014. Upon this closure, Chevron Power Holdings Inc. ("CPHI") and Chevron Sycamore Cogeneration Company each hold 50% partnership interests in the certificate holder, Sycamore Cogeneration Company, as shown in the ownership chart attached to the March 21, 2014 letter. These upstream ownership transfers do not affect Sycamore Cogeneration Company's ownership of the Project, and thus a change of ownership petition pursuant to Section 1769 of the Commission's Regulations (Title 20 of the California Code of Regulations) is not required.

If you have any questions, please contact me at (661) 615-4630.
