**Subject: ACE Ash Landfill Separation Amendment – Generator Supplement**  
(Docket No. 86-AFC-1C)

Dear Mr. Winstead:

Attached is a supplement to the ACE Ash Landfill Separation Amendment. The supplement requests the CEC to approve use an on-site diesel generator to provide power to the ACE Project for purposes of operating the motors that turn the turbine-generator shaft and powering the Administration Building. If you have any additional questions or comments, please let Bob Therkelsen (541-941-7805) know.

Sincerely,
