Project Name: Procter & Gamble Cogeneration Project

Energy Commission Docket Number: 93-AFC-2C

Energy Commission Contact Person: Mary Dyas **Phone #:** (916) 651-8891

Project Location:

The facility is located at 5000 83rd Street in Sacramento, Sacramento County.

Project Description:

Sacramento Cogeneration Authority's Procter and Gamble Cogeneration project is a 171-megawatt cogeneration facility that produces electricity and steam. The facility was certified by the Energy Commission in November 1994. The project was approved with two combined-cycle units and one simple-cycle unit. The two combined-cycle units began commercial operation in March 1997. The project's simple-cycle peaking gas turbine was added later and began commercial operation in May 2001. The facility is located at 5000 83rd Street in the city of Sacramento.

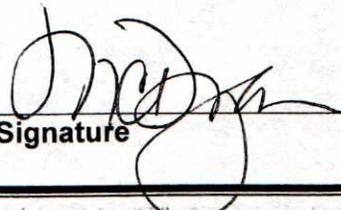

Modification Description:

The transfer the operational control of the Procter & Gamble Cogeneration Project from Carson Energy Group to EthosEnergy Power Plant Services, LLC.

On March 9, 2016, the California Energy Commission approved the above-described transfer of operational control pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

The Commission's docket files containing the Energy Commission's Order and other information regarding the project are open to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. This information is also available on the Energy Commission's web site –
