**NOTICE OF RECEIPT
PETITION TO AMEND
THE CALIFORNIA ENERGY COMMISSION DECISION FOR THE
SPA CAMPBELL COGENERATION PROJECT (93-AFC-3C)**

On November 24, 2015, Sacramento Power Authority (SPA) filed a petition with the California Energy Commission (Energy Commission) requesting to amend the Final Decision for the SPA Campbell Cogeneration project (SPAC). The 158-megawatt cogeneration project was certified by the Energy Commission on November 30, 1994, and began commercial operation in 1997. The facility is located at 3215 47th Avenue, east of the corner of 47th Avenue and Franklin Boulevard, approximately 1 mile west of Highway 99 in the City of Sacramento. The project is on approximately 5.8 acres adjacent to the former Campbell Soup Supply Company LLC facility (now known as the Capital Commerce Center), which was the project's steam host.

DESCRIPTION OF PROPOSED MODIFICATION

The modifications proposed include the following:

- Provide an option to replace the use of potable water with recycled water in the cooling tower when available in suitable quantities and quality;
- Construct additional water treatment facilities; and
- Increase discharge amounts to the City's sanitary sewer system, resulting from the use of recycled water.

SPA requests that the Air Quality conditions of certification be revised to incorporate any new permit conditions imposed by the Sacramento Metropolitan Air Quality Management District as part of its review of proposed project modifications. It is not anticipated that any other existing condition of certification will need to be revised; however, a new condition for Public Health, **PUBLIC HEALTH-1** is being proposed to reduce the potential for growth of Legionella and other micro-organisms in the cooling tower.

ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES

The Energy Commission's webpage for this facility, <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=93-AFC-03C>, has a link to the amendment petition on the right side of the webpage in the box labeled "Compliance Proceeding." Click on the "Documents for this Proceeding (Docket Log)" option.

Energy Commission staff is currently reviewing the petition. The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality and on public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and a determination on whether the facility, as modified, would remain in

compliance with applicable laws, ordinances, regulations and standards (20 Cal. Code of Regs., § 1769). After the staff has completed its independent review and analysis of this petition to amend, it will publish its assessment for public review and comment.

This Notice of Receipt has been mailed to the Commission's facility mail list of interested parties and property owners adjacent to the facility site. It has also been e-mailed to the facility listserv. The listserv is an automated Energy Commission e-mail system by which information about this facility is e-mailed to parties who have subscribed. To subscribe, go to the Commission's webpage for this facility, cited above, scroll down the right side of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once submitted, the Energy Commission Dockets Unit reviews and approves your comments, and you will receive an e-mail with a link to them.

Written comments may also be mailed or hand-delivered to:

California Energy Commission
Dockets Unit, MS-4
Docket No. 93-AFC-3C
1516 Ninth Street
Sacramento, CA 95814-5512

All comments and materials filed with and approved by the Dockets Unit will be added to the facility Docket Log and become publicly accessible on the Energy Commission's webpage for the facility.

If you have questions about this Notice, please contact Mary Dyas, Compliance Project Manager, at (916) 651-8891, or by fax to (916) 654-3882, or via e-mail at mary.dyas@energy.ca.gov.

For information on participating in the Energy Commission's review of the petition, call the Public Adviser at (800) 822-6228 (toll-free in California) or send your e-mail to publicadviser@energy.ca.gov. News media inquiries should be directed to the Energy Commission Media Office at (916) 654-4989, or by e-mail to mediaoffice@energy.ca.gov.
