Docket No. 14-RPS-01**

The Notice of Changes to Proposed Regulations, Notice of Hearing, and Notice of 15-Day Comment Period<sup>1</sup> set a date of August 12, 2015, for consideration and possible adoption by the California Energy Commission of the proposed modification to the Regulations Establishing Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities (RPS Regulations for POUs), as set forth in the California Code of Regulations, Title 20, Division 2, Chapters 2 and 13.

Please be advised that the lead commissioner of the California Energy Commission has directed Energy Commission staff to postpone the adoption hearing of the proposed RPS Regulations for POUs to provide additional time to consider the comments received in writing during the 15-day public comment period.

**As a result, the Energy Commission will not consider adoption of the proposed RPS Regulations for POUs on August 12, 2015. The hearing date for consideration and possible adoption of the proposed modifications has been postponed to a later date to be announced.**

This postponement is authorized by Section 11346.8(b) of the California Government Code. The new hearing date for consideration and possible adoption of the proposed RPS Regulations for POUs will be noticed in compliance with the provisions of Section 11346.8(b) of the California Government Code, and California Code of Regulations, Title 20, section 1223.
