Subject: Filing of Notice of Decision in compliance with Public Resources Code section 21080.5 and Title 20, California Code of Regulations, section 1768

Project Name: Elk Hills Power Project

Energy Commission Docket Number: 99-AFC-1C

Energy Commission Contact Person: Mary Dyas **Phone #:** (916) 651-8891

Project Location: Western Kern County, west of Bakersfield, near Tupman

Project Description: A natural gas-fired, 500-megawatt cogeneration facility; a portion of the steam generated by the project is used for gas processing in the adjoining oil fields.

Modification Description: Modifying Condition of Certification **AQ-11** to increase the allowable startup times from 2 hours to 3 hours for a regular startup; from 6 hours to 7 hours for an extended startup and to add a one-hour duration for an aborted shutdown.

On October 7, 2014, the California Energy Commission approved the above-described project change pursuant to a regulatory program certified by the California Secretary of Resources under section 21080.5 of the California Public Resources Code, finding that:

1. The project will not have a significant effect on the environment;
2. Mitigation measures were made a condition of approval of the project;
3. The project is in compliance with all laws, ordinances, regulations, and standards; and
4. A statement of Overriding Considerations was not adopted for the project.

The Commission's docket files containing the Energy Commission's Final Decision and other information regarding the project are open to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814.
