NOTICE OF RECEIPT
Moss Landing Power Plant Project - Combined Cycle Units 1 and 2
Petition to Amend
(99-AFC-04C)

On September 18, 2017, Dynegy Moss Landing, LLC, filed a Petition to Amend (PTA) the Final Decision, as previously amended, for the Moss Landing Power Plant Project (MLPP) with the California Energy Commission (Energy Commission). The project is a 1,060 megawatt (MW), natural gas-fired, combined-cycle facility, with two units (Unit 1 and Unit 2), each consisting of two combustion turbine generators, two heat recovery steam generators, and a condensing steam turbine generator. MLPP is located at the intersection of Highway 1 and Dolan Road, east of the community of Moss Landing near the Moss Landing Harbor, Monterey County.

DESCRIPTION OF PROPOSED MODIFICATIONS

The PTA requests Energy Commission approval to:

1. Remove conditions of certification for air quality related to two boilers at MLPP that are no longer operational;
2. Revise the facility quarterly emission limits;
3. Clarify the definition of steam turbine cold start-ups;
4. Clarify the definition of combustor tuning;
5. Clarify the definition of short-term excursion;
6. Remove the CO data substitution language;
7. Incorporate the reporting protocol; and
8. Clarify the breakdown reporting requirement.

For additional information see the Energy Commission's webpage for this facility at, <http://www.energy.ca.gov/sitingcases/mosslanding/index.html>. The petition requesting the project modifications (TN#221193), is accessible through the "Documents for this Proceeding (Docket Log)" link.

ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES

Energy Commission staff is reviewing the PTA to assess the impacts of this proposal on environmental quality and public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and a determination whether the facility, as modified, would remain in compliance with applicable laws, ordinances, regulations and standards (20 Cal. Code of Regs., § 1769). After the staff has completed its independent review and analysis of

this petition, it will publish its assessment for public review and comment. Upon completion of its review, the staff will schedule the petition for consideration by the Energy Commission at a regularly scheduled Business Meeting.

This Notice of Receipt has been mailed to the Commission's mail list of interested parties and property owners adjacent to the facility site. It has also been emailed to the facility listserv. The listserv is an automated Energy Commission system by which information about this facility is emailed to parties who have subscribed. To subscribe, go to the Commission's webpage for this facility, cited above, scroll down the right side of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition. To use the Energy Commission's electronic comment feature, go to the Energy Commission's webpage for this facility, cited above, click on the "*Comment on this Proceeding*" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once accepted the comments will be distributed through the listserv.

Written comments may also be mailed or hand-delivered to:

California Energy Commission
Dockets Unit, MS-4
Docket No. 99-AFC-04C
1516 Ninth Street
Sacramento, CA 95814-5512

All comments and materials filed with, and approved by, the Dockets Unit will be added to the facility Docket Log and become publicly accessible on the Energy Commission's webpage for the facility.

For information on participating in the Energy Commission's review of the petition, call the Public Adviser at (800) 822-6228 (toll-free in California) or send an email to publicadviser@energy.ca.gov. News media inquiries should be directed to the Energy Commission Media Office at (916) 654-4989, or by email to mediaoffice@energy.ca.gov.

If you have questions about this notice, please contact Project Manager Keith Winstead at (916) 654-5191 or via e-mail at keith.winstead@energy.ca.gov.
