Sacramento, CA 95814

From: California Energy Commission
1516 9th Street, MS-2000
Sacramento, CA 95814

Subject: Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

Project Name: Pastoria Energy Facility

Energy Commission Docket Number: 99-AFC-7C

Energy Commission Contact Person: Mary Dyas **Phone #:** (916) 651-8891

Project Location: 30 miles South of Bakersfield, in Kern County

Project Description: 750 megawatt combined cycle power plant

Modification Description: Request to amend Condition of Certification AQ-16 to eliminate the carbon monoxide (CO) one-hour concentration limit of 25 ppm that becomes effective two hours after a start-up. Eliminating the CO one-hour concentration limit of 25 ppm in AQ-16 does not alter any existing Best Available Control Technology, hourly, daily or annual emission limits. Existing conditions of certification limiting hourly, daily, and annual CO emissions keep the project in compliance with applicable LORS.

On April 22, 2014, the California Energy Commission approved the above-described project change pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code, finding that:

1. The project will not have a significant effect on the environment.
2. Mitigation measures were made a condition of approval of the project.
3. The project is in compliance with all laws, ordinances, regulations and standards; and
4. A statement of Overriding Considerations was not adopted for the project.

The Commission's docket files containing the Energy Commission's Final Decision and other information regarding the project are open to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814.
