Dear Ms. Sterkel:

NOTIFICATION OF ENERGY COMMISSION REVIEW OF THE PUENTE POWER PROJECT (15-AFC-01) APPLICATION FOR CERTIFICATION

On April 15, 2015, NRG Oxnard Energy Center, LLC, submitted to the California Energy Commission an Application for Certification (AFC) to construct, own, and operate the Puente Power Project (P3), a nominal 262-megawatt (MW), natural gas-fired, simple-cycle generating unit that would be sited on 3 acres of previously disturbed vacant land located on the northern portion of the existing 36-acre Mandalay Generating Station (MGS) at 393 North Harbor Boulevard in Oxnard, Ventura County.

Enclosed is a copy of the AFC in electronic format (CD). If you would like to have a hard copy of the AFC sent to you, if you have questions, please contact Jon Hilliard, Energy Commission Project Manager, at (916) 654-3936, or by email at jon.hilliard@energy.ca.gov. The status of the proposed project, copies of notices, a copy of the AFC, and other relevant documents are also available on the Energy Commission's web site at <http://www.energy.ca.gov/sitingcases/puente/>.

You can also receive email notification of all project related activities and availability of reports by subscribing to the project list serve at <http://www.energy.ca.gov/listservers/index.html>.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chris Davis", written over a large, stylized blue scribble.
