DOCKETED**15-CALG-01**

TN # 75520

MAR 26 2015

The California Energy Commission issued a Notice of Proposed Action¹ that set a date of April 8, 2015, for consideration and possible adoption by the Energy Commission of the proposed 2016 CalGreen Energy Provisions that would update the California Green Building Standards Code, of the California Building Code, Part 11, Title 24, of the California Code of Regulations.

Please be advised that the Efficiency Lead Commissioner of the California Energy Commission has directed Energy Commission staff to develop revisions to the proposed 2016 Green Building Standards Code to address comments that were received at the March 2 and 3, 2015, hearing, and in writing during the public comment period.

As a result, the Energy Commission will not consider adoption of these proposed revisions on April 8, 2015. The hearing date for consideration and possible adoption of the proposed update has been postponed to a later date to be announced².

The Energy Commission will publish additional proposed changes to the Green Building Code as “15-Day language” at a date after April 8, 2015, pursuant to Section 11346.8(c) of the California Government Code. A notice will be made at that time that specifies the date when the Energy Commission will consider adopting the “15-Day language.”³
