SUBJECT:	P3 – Preliminary Determination of Compliance (PDOC)		

COMMENTS:

Energy Commission Air Quality staff spoke with the Ventura County Air Pollution Control District (VCAPCD) Engineering Division Manager Kerby E. Zozula on March 23, 2016, regarding any outstanding issues regarding P3, and a potential PDOC publishing date. Kerby informed staff he is nearly complete with his review of a draft PDOC document he received from the San Joaquin Valley APCD (SJVAPCD). Kerby has found several issues in the PDOC that need to be addressed by SJAPCD and VCAPCD in order for a draft to be sent to Energy Commission staff. Kerby continues to work in parallel on the Emission Reduction Credit (ERC) package. Kerby said a PDOC is expected to be published at the end of April or the beginning of May.

Kerby is aware of the status conference on Monday March 28th; he will be available by phone to answer any questions the Committee may have.
