Pursuant to the January 20, 2017 “Notice of Prehearing Conference, Scheduling Order, and Further Orders” (CEC TN #215476), Applicant hereby submits its Prehearing Conference Statement.

1. **The subject areas that are complete and ready to proceed to Evidentiary Hearing.**

Applicant is prepared at this time to proceed to Evidentiary Hearing on all subject areas. Applicant concurs with CEC Staff’s recommendations set forth in paragraph 1 of its Prehearing Conference Statement (CEC TN #215588) to begin the proceedings on February 7, 2017 with Air Quality and Public Health, to be followed by Environmental Justice. Applicant also intends to present brief testimony under the subject of Project Description highlighting the significant changes to the Project subsequent to filing the Application for Certification, which it recommends be scheduled early in the proceedings. Finally, Applicant’s witness Brian Theaker, who will provide oral testimony on the subject of Alternatives, is not available on February 7, 2017 or February 10, 2017.

2. **The subject areas upon which any party proposes to introduce testimony in writing rather than through oral testimony.**

On January 18, 2017, Applicant filed its Opening Testimony (CEC TN #215441) and on January 24, 2017, Applicant filed its Rebuttal Testimony (CEC TN #215553), both of which are comprised of sworn declarations made by subject matter experts who have conducted analysis

related to various aspects of the Project. On January 25, 2017 and January 27, 2017, Applicant made filings to correct formatting issues in one previously filed declaration, and to provide attachments to two previously filed declarations that were omitted inadvertently (CEC TN #215582 and CEC TN #215591). This written testimony is identified in Tables A and B below.

**3. The subject areas and issues in dispute that require adjudication and the precise nature of the dispute for each issue.**

Applicant has identified the following issues in dispute. The list of issues below is based on Applicant's assumption that unless identified as an issue of dispute in Staff's Prehearing Conference Statement (CEC TN #215588), staff concurs with Applicant's proposed modifications to Staff's proposed Conditions of Certification (*See*, Applicant's Exhibit No. 1098; CEC TN #215352).

Alternatives

- Applicant disagrees with the conclusion reached in the Final Staff Assessment that the Ormond Beach Area Off-Site Alternative is environmentally superior to the Project site (*See*, Applicant's Exhibit No. 1180; CEC TN #215553).

Biological Resources

- Applicant disputes that a portion of the Project site constitutes "wetlands" (*See*, Applicant's Exhibit No. 1125; CEC TN #215553).
- Applicant opposes Staff's proposed mitigation ratio of 4:1 contained in Condition of Certification BIO-9 on the basis that no portion of the Project site constitutes "wetlands" and a mitigation ratio of 2:1, as proposed by CEC Staff in the Preliminary Staff Assessment adequately compensates for the loss of woolly seablite habitat on Project site (*See*, Applicant's Exhibit No. 1125; CEC TN #215553).
- Applicant has requested modifications to Condition of Certification BIO-9 (*See*, Applicant's Exhibit No. 1098; CEC TN #215352).

Compliance

- Applicant has requested modifications to Condition of Certification COM-13 (*See*, Applicant's Exhibit No. 1098; CEC TN #215352).

Land Use

- Applicant disputes the effectiveness and applicability of the City of Oxnard 2030 General Plan Policy SH 3.5 to the Project.

4. **The subject areas (if any) that are not complete and not yet ready to proceed to Evidentiary Hearing and the reasons therefore.**

Applicant is prepared to proceed to Evidentiary Hearing on all Subject Areas.

5. **The identity of each witness the party intends to sponsor at the Evidentiary Hearing, the subject area(s) about which the witness(es) will offer testimony, whether the testimony will be oral or in writing, a brief summary of the testimony to be offered by the witness(es), qualifications of each witness, the time required to present testimony by each witness, and whether the witness seeks to testify telephonically.**

In addition to the written testimony identified in Table A and Table B above, Applicant intends to present oral testimony for the witnesses identified in Table C. Some of the subject areas are related and Applicant proposes to present witnesses in those related subject areas as a panel. All Applicant witnesses offering oral testimony will appear in person, and none seek to testify telephonically at this time.
