Subject: Response to Request for Clarification from Intervenor FFIERCE Regarding Witness Murphy

I requested to question Applicant witness Tim Murphy about the "compatibility with surrounding uses" and "coastal access" sections of his testimony, which also refer to the project description. That is why I requested to question him under that subject area. I note that the recent update to the Topics spreadsheet circulated today does not include either "compatibility" or "coastal access" as a regularly scheduled topic or "floater topic."

I could move my questions for Mr. Murphy to Day 3 under Land Use, if the committee deems this appropriate.

Thank you.
