vote no on the Puente Power Plant in Oxnard

Dear Member of the California Energy Commission:

I urge you to vote no on the Puente Power Plant in Oxnard. We want jobs in renewable energy for California, not toxic fossil fuel power plants. As a citizen, and tax payer, we respectfully request that CEC direct that a new Request for Offer be conducted for companies to bid to develop and provide renewable energy and storage options.

Thank you for your service and for your commitment to protect our planet.

Best,

Rory Kennedy
