## **NO to Puente Power Project**

We want jobs in renewable energy for California, not toxic fossil fuel power plants. Vote NO to the Puente Power Plant in Oxnard. As citizens and tax payers, we demand that CEC direct that a new RFO [Request for Offer] be conducted for companies to bid to develop and provide renewable energy and storage options. There are too many risks with this plant, and it FAILS to meet the requirement for public convenience and necessity.

Thank you for your service.
