Opposing Puente Power Project

I oppose the continuation of the Puente Power Project

1. California already produces enough electricity (<http://www.latimes.com/projects/la-fi-electricity-capacity/>)
2. Oxnard, the community affected, opposes the project because of health concerns. This community already bears a disproportionate health burden due to power production. (<http://www.latimes.com/business/la-fi-electricity-capacity-puente-20170207-story.html>)
