**NO on PPP!**

My name is Teresa Hodges. I am a resident of Oxnard. I study at the University of Hawaii at Manoa (in a PhD program) and my parents are still in Oxnard, and have been since the 1970s. I OPPOSE the Puente Power Plant. We donâ€™t need another power plant and we should be looking for more sustainable practices anyway. It would cost taxpayers so much and Oxnard is already so under-resourced. We need to put more money into essential services such as affordable housing and education. We should direct our energy and fund to what will REALLY contribute to the livelihood, health, and equity of Oxnard and area residents. I care about Oxnard, it is a great community that raised me. We need to put more money into services that will benefit the community and community members, and not corporations. Thank you.
