Dear Ms. Mathews,

My name is Luis Vitz

I live at 1520 berkshire st in Oxnard, Calif.

I am a Union Carpenter sending you this letter in support of the proposed Puente Power Plant. Not only does our city need this much needed ideal power plant, we also need the jobs just as badly.

I rarely have an opportunity to work in the area, as work usually takes me out the county. It would be fantastic to work on a significant project close to that is also close to home.

Sincerely,

Resident City of Oxnard
Union Carpenter
