I support puente!

My name is marcelo perez

I am an apprentice at local 416 5th period

I've heard about this project threw a few of my BA's and fellow Ironworkers

I believe this will create jobs for the local community

Keep people close to home and put money back into the community

And in return as well provide reliable energy to those that need it

I really hope that this passes and helps my brothers in construction keep job and feed then and their families.
