VENTURA COUNTY RESIDENT IN SUPPORT OF  
THE PUENTE POWER PLANT

Date 3-10-17

Dear California Energy Commissioners,

My name is

John C. Vice

and live at

700 HARMON GROVE AVE., STA. CA, California.

I am a Union Electrician sending you this letter in support of the proposed Fuente Power Plant. My enthusiastic support for this much needed power supplement is based on the following facts:

- The Fuente Power Plant will provide Oxnard and Ventura County residents with critical backup power should there be a breakdown with the transmission system.
- Contrary to some scare tactics, science has determined that the Fuente Power Plant will not pose any significant health or environmental impacts.
- It will use state-of-the-art technology that is above the standard for emission controls on similar projects.

For these reasons among many others, I strongly urge you to back this important project to help bring safe and reliable power to Oxnard and all of Ventura County.

Sincerely,

John C. Vice

Ventura County Resident  
Union Electrician
