Support Puente Power Plant

Additional submitted attachment is included below.

**VENTURA COUNTY RESIDENT IN SUPPORT OF
THE PUENTE POWER PLANT**

Date 3/13/17

Dear California Energy Commissioners,

My name is William Burke

and live at 940 LOMA DR., ODAI, 93023, California.

I am a Union Electrician sending you this letter in support of the proposed Puente Power Plant. My enthusiastic support for this much needed power supplement is based on the following facts:

- The Puente Power Plant will provide Oxnard and Ventura County residents with critical backup power should there be a breakdown with the transmission system.
- Contrary to some scare tactics, science has determined that the Puente Power Plant will not pose any significant health or environmental impacts.
- It will use state-of-the-art technology that is above the standard for emission controls on similar projects.

For these reasons among many others, I strongly urge you to back this important project to help bring safe and reliable power to Oxnard and all of Ventura County.

Sincerely,

William N. Burke

Ventura County Resident
Union Electrician
