**OXNARD RESIDENT IN SUPPORT OF  
THE PUENTE POWER PLANT**

Date 9-9-2017

Dear California Energy Commissioners,

My name is Guy West

and live at 611 Casitas Uesly Rd UTA CH Oxnard, California.

I am a Union Electrician sending you this letter in support of the proposed Puente Power Plant. My enthusiastic support for this much needed power supplement is based on the following facts:

- The Puente Power Plant will provide Oxnard with critical backup power should there be a breakdown on the transmission system.
- Contrary to some scare tactics, science has determined that the Puente Power Plant will not pose any significant health or environmental impacts.
- It will use state-of-the-art technology that betters the standard for emission controls in similar projects.

For these reasons among many others, we strongly urge you to back this important project to help us bring safe and sure power to Oxnard and Ventura County.

Sincerely,

Resident City of Oxnard  
Union Electrician
