Re: ISO's Offer to Conduct a Special Study for the Moorpark Sub-Area

Dear Mr. Berberich:

Thank you for sending Neil Millar and Jordan Pinjuv to the Puente Power Project Committee's June 5, 2017 Committee Conference. Their participation in our discussion regarding the ISO's offer to conduct a special study on reliability (Special Study) in the Moorpark sub-area that the proposed Puente project would serve was most helpful.

The Committee accepts the ISO's offer to conduct a Special Study of one or more portfolios. Given that Mr. Millar indicated that the ISO could complete a Special Study in 3-4 weeks, the Committee looks forward to receiving it no later than July 19, 2017. We also request that the ISO inform us, no later than June 16, 2017 as to whether it will conduct the Special Study.

Sincerely,

A handwritten signature in black ink that reads "Janea A. Scott". The signature is fluid and cursive, with the first name "Janea" being the most prominent.

JANEA A. SCOTT
Commissioner and Presiding Member
Puente Power Project AFC Committee

Cc: Neil Millar
Jordan Pinjuv
