Reject the Puente Power Project

Dear Submit your public comment,

I urge you to reject the Puente Power Project.

This project would be damaging to California communities, is uneconomical, and unnecessary. It would cost more than twice as much as it would cost to meet the same electricity needs with renewables.

Clean energy solutions can create more good, local jobs in the Oxnard area for a fraction of the cost. The jobs are needed, while the bad air is not. The city of Oxnard already has some of the highest asthma rates in the state.

Again, I urge you to reject the Puente Power Project.

Sincerely, Pamela A. Lowry
