Reject the Puente Power Project

Dear Submit your public comment,

I am writing to urge you to reject the Puente Power Project.

We should be working to clean the air, not endanger California communities with more pollution.

This project is does not make economic sense. Please use renewable energy solutions which will create many more local jobs in the Oxnard area for a fraction of the cost.

I urge you to reject the Puente Power Project and implement a renewable, sustainable solution instead.

Sincerely, Lorna Combi
