Subject: RE: Puente hearing schedule and expert witnesses

Yes, I will put out a topic order/time estimate spreadsheet similar to the sheet I prepared for the February hearings, hopefully on Monday.

This isn't final but, based on the dialog thus far, it is very likely that the Sea Level Rise/Coastal Flooding topic will be first on Wednesday, following a housekeeping discussion.

One certainty is that we'll be breaking at 6 pm on Wednesday to receive public comment.

Subject: Puente hearing schedule and expert witnesses

Paul:

Will the committee be releasing an estimated schedule in advance of next week's hearings for the Puente project? Sierra Club and EDC's two expert witnesses are flying in to the area, and are not able to wait until Wednesday morning to make travel plans.

If the committee can distribute an estimated schedule after receiving parties' prehearing conference statements tomorrow, it would be extremely helpful.

Thank you,
Alison
