Intervenors attach herein corrected Exhibits A-C to be substituted for Exhibits A-C attached to Intervenors' Exhibit 4039, TN 217571, filed on May 12, 2017. Intervenors were unaware until today that the conversion of the JPEG files to PDF files that occurred when filing these exhibits to the Declaration of Brian Trautwein altered these exhibits to a size larger than the 8 ½ by 11 inch letter size. The corrected exhibits now reflect the intended size.
