Memorandum

To: All Parties and Persons Interested in the
Puente Power Project Proceedings (15-AFC-01)

Date: August 28, 2017

From: Paul Kramer, Hearing Officer
Puente Power Project AFC Committee

Subject: Updated Exhibit List

I updated the online exhibit list

<https://efiling.energy.ca.gov/Lists/ExhibitList.aspx?docketnumber=15-AFC-01>

to include the results from the July 26-27 Evidentiary Hearings.

Whether to admit Exhibit 2031 (TN 215772) into evidence remains to be resolved. We will discuss it during the September 12, 2017 Committee Conference, including Intervenor CEJA's August 10, 2017 objections to that Exhibit (TN 220659), and any other prehearing motions presented as ordered in Friday's notice (TN 220900).

Attached is my latest draft of the table showing the result when two or more parties identified the same document as an Exhibit, along with a new table describing specific stipulations or limitations that apply to a few of the admitted exhibits. These tables will be prepended to the Exhibit List when it is attached the Presiding Member's Proposed Decision.

Exhibit Conversion table -- Puente Power Project Proceeding (15-AFC-01)

This table shows the result when two or more parties identify the same document as an exhibit or a party identifies an exhibit by a number that cannot be assigned to it or is otherwise incorrect. The electronic filing system allows only one exhibit number per document. If you cannot find an exhibit by the number cited in the testimony, use this chart to find the correct number to look for in the Exhibit List.
