Subject: Puente Power Plant- Thank you from Oxnard

Commissioner Karen Douglas,

Thank you for coming to Oxnard and hearing from all facets of our community the impacts of the Puente Power Plant. I have appreciated seeing you at each public meeting, listening attentively despite the long, long hours, and taking serious our concerns. I am so appreciative that you are proposing to reject the project and especially grateful to have participated in a democratic process that I did not always believe would work. Thank you for restoring my faith in public agencies and in the power of community (and scientific) voices.

On a personal note: I remember the first time I ever spoke at a public hearing, I was so nervous and was practicing my lines all day. I ran into you in the bathroom and you were just so nice, it put me at ease and I was grateful for having what felt like a familiar face up on the stage.

Thank you,

Michelle
