Background

Energy Commission staff published *The Comprehensive Energy Efficiency Program for Existing Buildings Scoping Report* in August 2012, and held workshops in October 2012 to receive public comments. Staff evaluated and incorporated stakeholder comments in *The Comprehensive Energy Efficiency Program for Existing Buildings Draft Action Plan*. This original draft was presented during three public workshops held across the state on June, 24, 25, and 28, 2013. Additional stakeholder input was received and elements were

incorporated into the current, draft which was released on March 6, 2015, and is available at <http://www.energy.ca.gov/2015publications/CEC-400-2015-013/CEC-400-2015-013-D.pdf>.

The *Existing Buildings Energy Efficiency Draft Action Plan (Action Plan)* provides a 10-year roadmap to dramatically increase energy efficiency in existing residential, commercial, and public buildings. The *Action Plan* is consistent with Governor Edmund G. Brown Jr.'s energy efficiency goals. The Energy Commission will work in collaboration with the California Public Utilities Commission, local governments, industry stakeholders, and various state and local agencies to achieve the *Action Plan's* objectives.

Public Comment

Oral Comments. Staff will accept oral comments during the workshop. Public comments may be limited to three minutes per speaker. Any comments will become part of the public record in this proceeding.

Written Comments. Written comments should be submitted to the Dockets Unit by 4:00 p.m. on **April 21, 2015**. All written comments will become part of the public record of this proceeding.

For the 2015 IEPR, the Energy Commission is using a new electronic commenting system.
