California Energy Commission
AGENDA: IEPR Commissioner Workshop
Existing Building Energy Efficiency Standards
Monday, July 27, 2015 – 1:00pm
First Floor, Art Rosenfeld Hearing Room

Introduction

Stephanie Bailey, Integrated Energy Policy Report (IEPR)

Opening Comments

Commissioner Andrew McAllister, Lead Commissioner for IEPR

Discussion questions

Standards Implementation for Existing Buildings

- How can compliance be assessed and improved?
- How can the compliance documentation be improved?
- What can be done to reduce the transactional cost of compliance?

Standards Development for Alterations and Additions in Existing Buildings

- What can be changed for the Standards to better address the existing building market and the constraints of working within an existing building?
- Can you offer examples of measures for which the cost-effectiveness of a retrofit varies significantly from that of the same measure in new construction?
