Dear Ms. Elijah,

Thank you for your letter regarding the renewal of the Diablo Canyon Power Plant license.

While the license renewal process is conducted by the federal Nuclear Regulatory Commission, both the California Energy Commission and the California Public Utilities Commission have roles in that process.

The Energy Commission adopts an Integrated Energy Policy Report every two years and is in the process of preparing that report now. You can follow the proceeding on-line at: http://www.energy.ca.gov/2015_energypolicy/

Nuclear Power Plants are specifically addressed during this proceeding. You can view documents related to that subject on-line at: <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=15-IEPR-12>
