Subject: Docket Number 15-OIR-05

Hello,

The intention of AB 1103 was to create energy awareness resulting in energy savings.

The benefits of AB 1103 would be an increase in energy efficiency in buildings and in "Green Jobs".

Eliminating AB 1103 will result in none of these!!

Why on earth would you dismantle a program that is finally starting to move forward?

I thought you wanted to create jobs in California??? Not more layoffs?
