Utah Associated Municipal Power Systems

4,308,200 customers served
29,239 miles of transmission

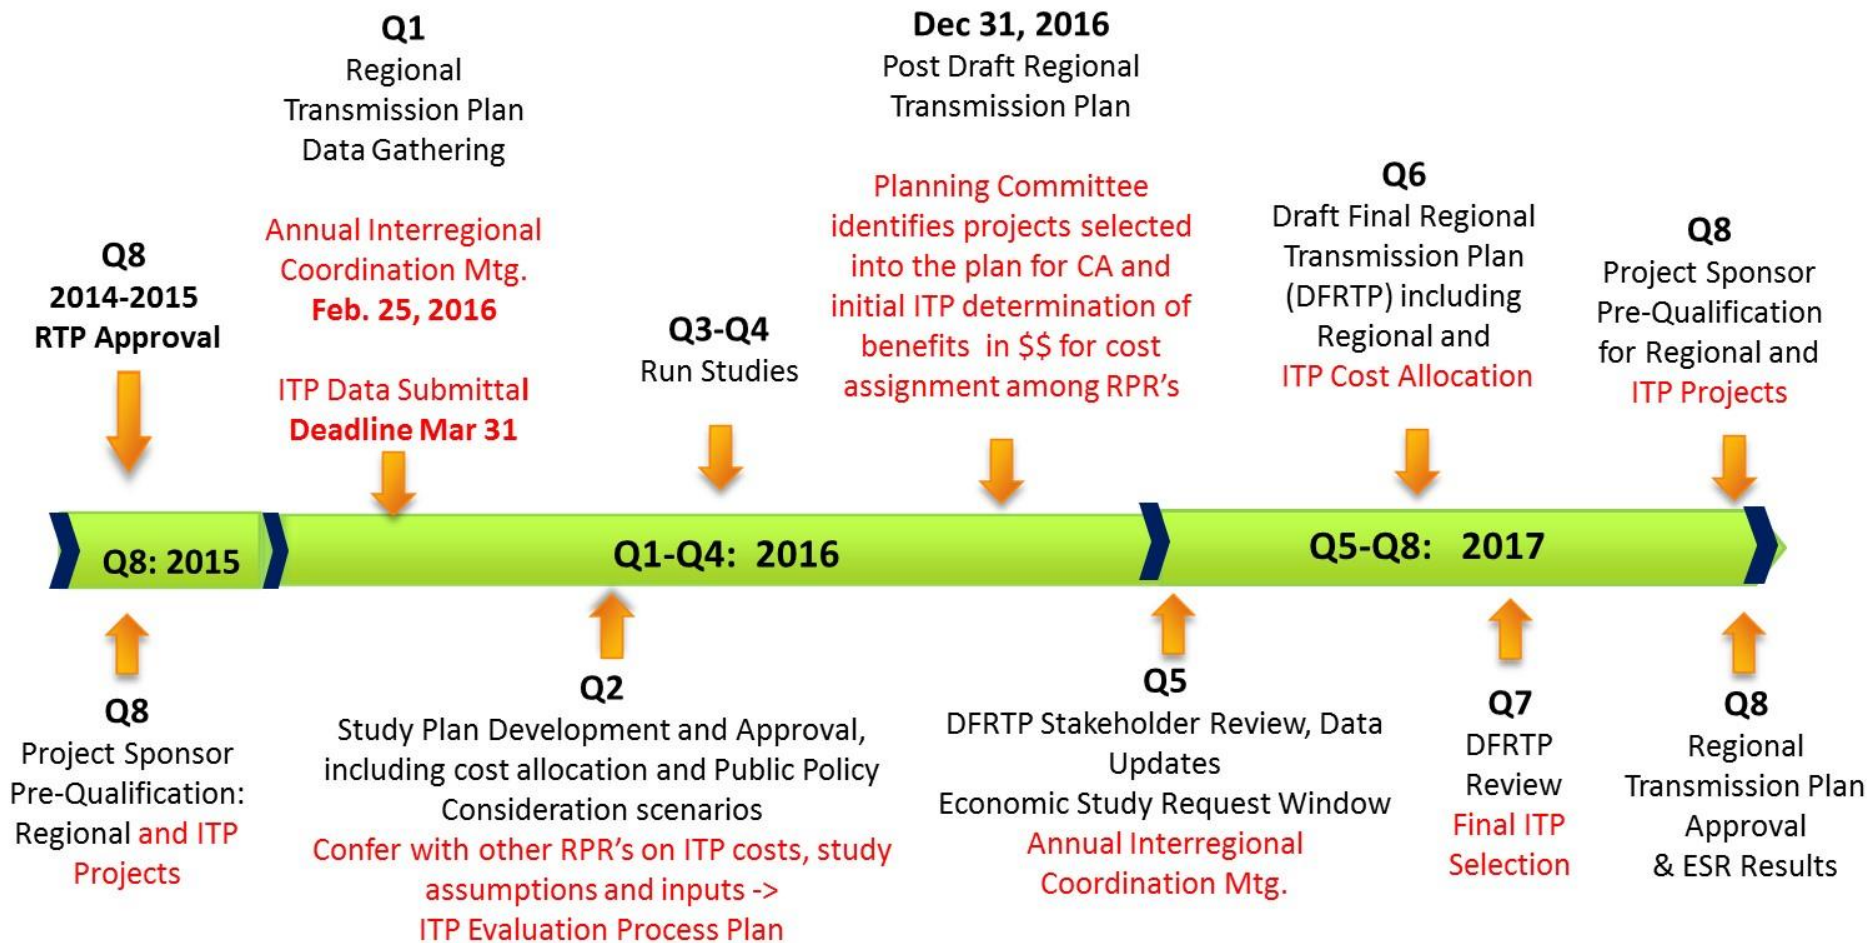

Participating State Representatives

Idaho Public Utilities Commission
Montana Consumer Counsel
Montana Public Service Commission
Oregon Public Utility Commission
Utah Office of Consumer Services
Utah Public Service Commission
Wyoming Public Service Commission

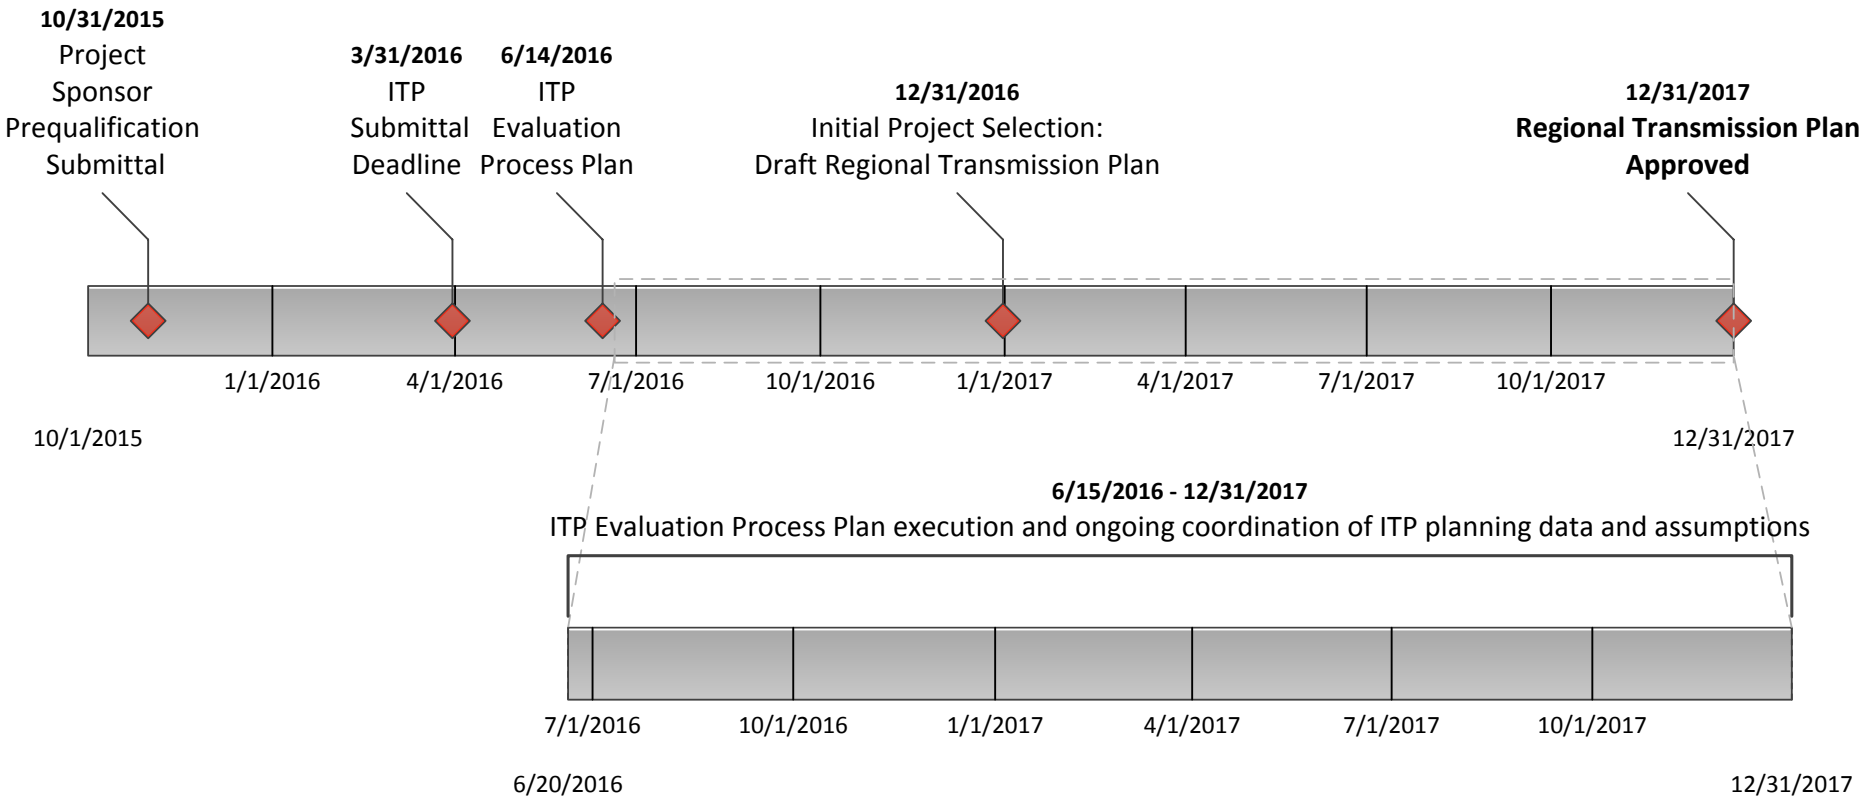

NTTG 2016-2017 Planning and ITP Evaluation Process

KEY DATES

KEY ITP CONSIDERATIONS

- Any stakeholder may submit data to be evaluated as part of the NTTG Regional Transmission Plan
- NTTG's plan evaluates whether transmission needs within the NTTG footprint may be satisfied on a regional or interregional basis more efficiently or cost effectively than through local planning processes.
- NTTG's Regional Transmission Plan is not a construction plan – it provides valuable insights and information for stakeholders and developers to consider and use in their respective decision making processes
