Docketed Date:	8/16/2016

Next Steps for RETI 2.0

Completing evaluation of TAFAs

Preparing conclusions and recommendations

RETI 2.0 Process and Timeline

Renewable Energy Transmission Initiative v2.0

Completing the evaluation of TAFAs

- Unfinished business
 - More land use info from counties
 - Tribal and military consultation
 - Refine transmission implications – summary of implications and options for desert, San Joaquin Valley, and Northern California
 - Environmental assessment of generation and transmission scenarios
 - Western Outreach Project (WOP)
- Deliverables
 - Sept. 1: Western Outreach Project workshop in Las Vegas, NV
 - Mid-September: TTIG and ELUTG workshop on draft reports
 - End of September: WOP, TTIG, and ELUTG final reports

Renewable Energy Transmission Initiative v2.0

Preparing conclusions and recommendations

- Goal is to propose a variety of conclusions and recommendations across a range of issues that garner broad support among stakeholders
 - Scenarios and data to inform near-term regulatory proceedings
 - Recommendations for future planning initiatives
 - Recommendations for further study
- Plenary group will discuss initial slate of conclusions and recommendations in early October
- Finalize by the end of October
- Draft final RETI 2.0 report: mid-November
