**NOTICE OF RECEIPT
PETITION TO AMEND
THE CALIFORNIA ENERGY COMMISSION DECISION FOR THE
CARLSBAD ENERGY CENTER (07-AFC-6C)**

On April 29, 2014, Carlsbad Energy Center L.L.C., an indirect, wholly owned subsidiary of NRG Energy Inc., filed a petition with the California Energy Commission (Energy Commission) requesting to amend the Final Decision for the Carlsbad Energy Center Project (CECP). The 540-megawatt, combined-cycle project was certified by the Energy Commission on May 31, 2012. The proposed facility will be located in the City of Carlsbad, in San Diego County.

DESCRIPTION OF PROPOSED MODIFICATION

The modifications proposed in the petition would allow CECP to demolish three additional, aboveground fuel oil storage tanks and associated piping and equipment. According to the petition, the proposed revisions would benefit CECP construction by providing additional equipment laydown, construction parking and staging areas, and direct access to the construction site from one of the main construction access roads.

ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES

The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality and on public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and a determination on whether the facility, as modified, would remain in compliance with applicable laws, ordinances, regulations, and standards (20 Cal. Code of Regs., § 1769). Energy Commission staff is currently analyzing the request and will publish an analysis in the near future. A public hearing for the purpose of approving, denying, or modifying the amendment proposal will be held at a regularly scheduled Energy Commission business meeting.

The amendment petition has been posted on the Energy Commission's CECP webpage at <http://www.energy.ca.gov/sitingcases/carlsbad/>. The Staff Analysis, when completed, will also be posted on the same webpage.

This Notice of Receipt is being provided to interested parties and property owners adjacent to the facility site. This Notice has been mailed to the CECP mail list and sent electronically to the CECP Listserv. The listserv is an automated Energy Commission e-mail system by which information can be distributed to all parties who have subscribed. You can subscribe from the Commission's CECP webpage, cited above, by scrolling down to the shaded blue box on the right side of the project's webpage labeled, "Subscribe," and providing the requested contact information.

Any person may comment on the petition. Those who wish to comment on the petition can use the Energy Commission's e-commenting feature as follows: Go to the Energy Commission's CECP webpage and click on the "Submit e-Comment" link. In the form, provide the required information—your full name, e-mail address, the comment Title, and either a comment or an attached document. The comment Title should be "[Your Name]'s Comments re: CECP Petition." Type your comments into the "Comment Text" field, or upload and attach a document with your comments. The maximum upload file size is 10MB, and only .doc, .docx, or .pdf attachments will be accepted. Enter the CAPTCHA that is used to prevent spamming. Then click on the "Agree and Submit your Comments" button to submit your comments to the Energy Commission Dockets Unit for review. When your comments are approved and docketed, you will receive an e-mail with a link to them.

Written comments may also be mailed or hand-delivered to:
