Call To: Dispatch Operator Badge number 6249, Orange County Fire Authority

Phone No.: (714) 538-3501

Date: 9/1/16

Call From: JR Jones

Time: 10:00

Message Taken By: JR Jones

Subject: City of Stanton Fire Response Time

Project No.: 680062

I was directed to the operator who put me on with Dispatch Operator Badge number 6249, who would not give out any more personal information than that. He repeated the previous message that he could not give an exact response time but said his best estimate from station #46 would be about 3 minutes as the station is less than a mile away. He confirmed that station 79 was the nearest hazmat capable station and due to the distance he could not give an exact response time for this station, but suggested using google would be my best bet. Using google Response can be anywhere from 20-45 minutes depending on conditions.

Call To: Deputy Israel, Badge number 8955, Orange County Sherriff's

Phone No.: (714) 889-7860

Date: 9/1/16

Call From: JR Jones

Time: 11:30

Message Taken By: JR Jones

Subject: City of Stanton Police Response time

Project No.: 680062

Deputy Israel, badge number 8955 answered from the Dispatch center of the orange County Sherriff's department. He said that it is not possible to estimate an exact police response time, it depends on officer availability and location, if they are nearby they may be on site within a minute or if the nearest officer is across town it may take 5-10 minutes for response. He said they will always come as soon as is possible. He also said that 12 officers were on duty throughout the day today.
