Dear Mr. Franzen:

This letter is to inform you that water service is available to the above referenced address from Golden State Water Company's (GSWC) Orange County District water system located in Stanton. Service to the address may be provided from our existing water facilities from Dale Avenue.

Upon completion and execution of an agreement between GSWC and owner, that contains satisfactory financial arrangements and other provisions governing the extension of water service under the Water Service Agreement, GSWC will begin providing water service for the referenced address once all owner obligations have been satisfied. Analysis of more detailed development plans may require the owner to participate in the construction of special facilities prior to the Company providing water service.

GSWC is committed to providing water service to all customers within its service area consistent with the company's obligations under rules, statutes and regulations of both the California Department of Public Health and the California Public Utilities Commission.

Unless modified or extended by GSWC, this Will Serve Letter shall terminate and be of no further force and effect one year from the date indicated above.

If you have any questions concerning issues addressed in this letter, please call Mr. Bill McDonald, New Business Manager, at 714-535-8010 Extension 295.

Sincerely,
