Mr. John Heiser
Project Manager
California Energy Commission
1516 Ninth Street
Sacramento, CA 95814-5512

Subject: **Stanton Energy Reliability Center Application for Certification
(16-AFC-01)**

Dear Mr. Heiser:

Thank you for providing the Orange County Transportation Authority (OCTA) with the opportunity to review the Application for Certification for the Stanton Energy Reliability Center. The following comments are provided for your consideration:

- From the Stanton Energy Reliability Center's Data Request Response, Set 1:
 - Pages VII and 35 reference the Congestion Management Program as the "Congestion Management Plan". Please revise text to "Congestion Management Program".
 - On Page VIII, Acronyms and Abbreviations Section, please revise "OCTA" to "OCFA" to reflect the Orange County Fire Authority.
- OCTA identifies an existing bicycle network within the vicinity of the project site, specifically along Dale Avenue. OCTA recommends employing measures to reduce potential disruptions to bicycle facilities.

Throughout the development of this project, we encourage communication with OCTA on any matters discussed herein. If you have any questions or comments, please contact me at (714) 560-5907 or at dphu@octa.net.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dan Phu", is written over a light blue horizontal line.
