Dear Ms. Crisp:

**No Lake or Streambed Alteration Agreement Needed  
Notification No. 1600-2017-0278-R5  
Stanton Energy Reliability Center (SERC)**

The California Department of Fish and Wildlife (CDFW) has reviewed your Lake or Streambed Alteration Notification (Notification). We have determined that your project is subject to the notification requirement in Fish and Game Code section 1602. CDFW has also determined that your project will not substantially adversely affect an existing fish or wildlife resource. As a result, you will not need a Lake or Streambed Alteration Agreement for your project. You are responsible for complying with all applicable local, state, and federal laws in completing your work. A copy of this letter and your notification with all attachments should be available at all times at the work site.

Please note that if you change your project so that it differs materially from the project you described in your original notification, you will need to submit a new notification and corresponding fee to CDFW.

Thank you for notifying us of your project. If you have questions regarding this letter, please contact Andrew Valand, Environmental Scientist at 562-342-2142 or by email at [Andrew.Valand@wildlife.ca.gov](mailto:Andrew.Valand@wildlife.ca.gov).

Sincerely,

Erinn Wilson, Senior Environmental Scientist
