Sacramento, CA 95814-5514

RE: Application for Locally Adopted Energy Standards by the County of Marin in Accordance with the 2016 California energy Code, Title 24, Part 6, of the California Code of Regulations.

Dear Ingrid,

In accordance with Public Resources Code Section 25402.1(h)2 and Section 10-106 of the Building Energy Efficiency Standards, this package of materials includes the County of Marin's proposed local ordinance requiring more stringent energy requirements than those set by California's 2016 Building Energy Efficiency Standards Title 24, Part 6. Please find the following materials enclosed:

1. Signed Ordinance No. 3658 and associated staff report, which updates the County's Building Ordinance, including requirements for energy reach standards beyond Title 24, Part 6 baseline for new residential and multifamily construction.
2. A study showing the expected energy savings and the cost effectiveness of the ordinance in the County of Marin (climate zones 2 and 3).
3. Exhibit A of Ordinance No. 3658, which provides clear requirements that buildings be designed to consume no more energy than permitted by Part 6, and
4. Evidence of CEQA compliance through the attached Notice of Exemption.

Sincerely,

Alice Zanmiller
Planner
