Project Area
of Analysis &
Properties
with
Structures
Over 45 Years
Old

Resources on EPS and SDG&E Properties that need to be Surveyed, Recorded and Evaluated:

1. Rail Spur* (EPS)
2. Outfall Structure on Ocean Side* (EPS)
3. Substation Expansion Area* (EPS)
4. Tanks to be Demolished (SDG&E)

These are listed on DR 36-37, Table 2.

*Update the DPR/Report to include these resources.

Resources in the PAA that need to be Surveyed, Recorded and Evaluated:

1. Ten properties 45 years or older in one-parcel boundary for urban projects.(These are shown on Figure 2)
2. Bridges and roads that abut the project.
3. Other built environment features that have *the potential to be impacted by the changes to the licensed project.*

The information is required to analyze the impacts that the proposed modification may have on the environment. (Title 20, California Code of Regulations, Section 1769, 2012-Post Certification Amendments and Changes).
