Robert Sarvey Petition to Intervene

Pursuant to sections 1207 and 1712 of Title 20 of the California Code of Regulations, Robert Sarvey petitions to intervene in the above captioned proceeding. I intend to participate fully in all aspects of the proceeding. I intend to conduct discovery,¹ file testimony, file briefs and participate in the evidentiary hearings.

I have several interests in this proceeding. I have two close friends who live in Carlsbad near the proposed facility who will be affected by the Commission's Decision. I intend to ensure that the environmental impacts of this proposed project do not impact their homes or their livelihood. As a ratepayer I intend to advocate for the cleanest, most efficient, and most economical project that can be sited to ensure that costs to ratepayers are minimized. I am also concerned with the GHG implications of this project after the Commission has already approved a

¹ Petitioner is aware that discovery ends October 31, 2014 and my participation will not impact that deadline.

fast ramping combined cycle project at this location which was touted as a model for renewable integration.

All correspondence for this proceeding should be directed to:
