California Energy Commission
Siting, Transmission, and Environmental Protection Division
1516 Ninth Street, MS 40
Sacramento, CA 95814

Dear Ms. Worrall:

In response to your letter to Chief Morrison dated Sept. 22, 2014, I am attaching the City of Carlsbad Police Department's responses to the Law Enforcement Needs Assessment Form for the proposed amended Carlsbad Energy Center Project.

Feel free to contact me if you need additional information or have questions.

Sincerely,

Fiona Everett
Senior Management Analyst

**Carlsbad Energy Center Project
Law Enforcement Needs Assessment Form
Existing Law Enforcement Resources and Services in the Project Area**

	licensed CECP	amended CECP
Names and addresses of the police substations serving the project area and distance of closest dispatch facility to the project site:	Carlsbad Police Department 2560 Orion Way	Carlsbad Police Department 2560 Orion Way
Adopted or desired service standard (e.g., one sworn officer per 1,000 population) applicable to the project site:	not provided	No standard adopted
Existing staffing levels for facilities serving the project area (including sworn officers and civilians, totals and per shift):	148 officers	112 sworn officers, 48 civilian employees
Estimated response times to the project site: Priority calls: Non-Priority calls:	Average 5 minutes (Type 1) Average 5 to 10 minutes (Type 2)	Average 5.8 minutes for priority 1, and 12.2 minutes for priority 2
Current needs (e.g., facilities and staff) to maintain or meet existing service levels: Additional needs beyond those identified above to maintain or meet existing service levels with the project:	not provided	1 police station, 112 sworn, 48 civilian. No additional needs
Exchange of general law enforcement responsibilities (e.g., formal and/or informal agreements with local municipalities for provision of services) in the project area:	not provided	Law enforcement responsibilities in the project area provided by City of Carlsbad Police Dept
Current inventory of specialized equipment (e.g., helicopters or other aircraft):	not provided	1 armored vehicle
Is there a process or formula used by your department to determine the need for additional law enforcement services to serve a new large-scale power plant? Please explain.	not provided	No
Could the project trigger a need for additional law enforcement services for onsite crimes against persons, theft of materials, and/or vandalism? Please explain.	not provided	Both during construction and during project operation, crimes against persons, theft of materials and/or vandalism are possible.

October 2, 2014

During project construction: During project operation:		
Could increased project-related traffic affect circulation and access on roads near the project site to the extent that an impact to emergency response times might occur? Please explain. During project construction: During project operation:	not provided	Yes. Partial or complete road closures during construction along roadways adjacent to project site could delay emergency responses. During project operation, emergency response delays are unlikely.
Do law enforcement personnel review development site plans for projects to assess potential law enforcement issues (e.g., lighting and other safety factors)? Please explain.	not provided	Yes. The Police Department does an environmental design review of most new construction in the City of Carlsbad, and makes recommendations to mitigate potential law enforcement issues.
Are specific measures recommended to reduce the potential for crimes to occur at or near the project site (e.g., specific types of security fencing)? Please explain.	not provided	A site review by Carlsbad Police Department staff would be necessary to accurately answer this question.
Please explain any other law enforcement concerns that have not been addressed by this needs assessment form. not provided	not provided	None
