Carlsbad Energy Center Amendment:
Docket No: 07-AFC-6C

Dear Commissioners:

Proposed Modification to 07-AFC-06C Committee Schedule Docketed 9/26/2014

The Committee Schedule docketed 9/26/2014 indicates a 10-29-14 Discovery (Data Requests) Cut Off date. This may be appropriate for the information presented in the petitioner's 05/02/14 PTA. However, two very important documents from other agencies, namely, the San Diego Air Pollution Control District (SDAPCD) and the California Coastal Commission (CCC) have yet to be presented for public scrutiny and comment.

Power of Vision requests that the Discovery Cut Off date regarding information that is yet to be provided by SDAPCD be at least 30 days after this agency publishes its Preliminary Determination of Compliance (PDOC). A similar period should be allowed for Data Requests after the CCC files their comments.

Certainly the PDOC is a lengthy and complex document which will require some time to digest and the public and other interested parties should be given time to submit Data Requests to the SDAPCD and the PTA petitioner.

Respectfully yours,

A handwritten signature in blue ink, appearing to read "Julie Baker".

Julie Baker
