Re: Southern California Edison Company's Comments on the California Energy Commission Docket No. 16-OIR-01: Lead Commissioner Workshop on the Development of Integrated Resource Plans (IRP)

Dear Commissioner Weisenmiller:

On April 18, 2016, the California Energy Commission (Energy Commission) held a Lead Commissioner Workshop on IRPs in support of Senate Bill (SB) 350. Southern California Edison (SCE) appreciates the opportunity to provide written comments on this Workshop.

In support of California's long-term energy and environmental policy goals, SCE encourages coordination between the Energy Commission and the California Public Utilities Commission in developing IRPs to ensure that the goals of SB 350 are met.

SCE appreciates the Energy Commission's consideration of these comments and looks forward to its continuing collaboration with the Energy Commission and stakeholders. Please do not hesitate to contact me at (916) 441-3979 with any questions or concerns you may have. I am available to discuss these matters further at your convenience.

Very truly yours,
