Comment re/changes to Section 1344

The City of Burbank appreciates extension of the comment period to December 12. Burbank has recently been made aware of the proposed changes to the Title 20 Regulations regarding data collection. We have only done a preliminary review to consider our capabilities and have determined that Burbank's AMI data is not structured around the NAICS classification and the production database will not be setup to organize information in such a way. Burbank is open to exploring how to increase the resolution of, as well share customer sector information, however will not be able to comply with the proposed reporting changes, if adopted with NAICS as the basis of data organization.
