Amended Carlsbad Energy Center Project (07-AFC-06C)

Karen Douglas, Commissioner and Presiding Member, Andrew McAllister,  
Commissioner and Associate Member California Energy Commission  
1516 Ninth Street  
Sacramento, CA 95814-5512

TERRAMAR STATUS REPORT 4- January 2, 2015

Terramar wishes everyone a Happy New Year!

As we all know, the Preliminary Determination of Compliance (PDOC) was docketed on December 12, 2014. It was docketed more than a month after it was scheduled. Three days later staff filed the Preliminary Staff Assessment (PSA). Due to the overwhelming amount of information presented at once, Terramar made a motion to delay the PSA Workshop to February 2015. Other interveners followed suit in supporting this motion for delay. Terramar is surprised that the Applicant opposes this request. Terramar has observed the Applicant asking for more time to submit materials requested by staff. Terramar hopes that the Commission supports our motion.

Terramar still looks forward to hearing from the California Coastal Commission regarding whether the Amended CECP, as well as the CECP, is coastally dependent now that there is no need for coastal water. Terramar requests the right to make data requests when this information becomes available.

Respectfully submitted by,

Kerry Siekmann, Terramar
