Subject: STATUS UPDATE ON THE IMPLEMENTATION OF AB 1110 FOR THE POWER SOURCE  
DISCLOSURE PROGRAM

To All Stakeholders of the Power Source Disclosure Program:

This statement is to provide a status update on the Energy Commission's implementation of Assembly Bill 1110 for the Power Source Disclosure program.

Staff held a scoping workshop on February 21, 2017, to kick-off pre-rulemaking activities for the implementation of AB 1110. In response to comments received at the scoping workshop, staff is drafting an implementation proposal and will host a workshop in July 2017 to present this proposal and solicit stakeholder input. Based on the feedback staff receives on the implementation proposal, staff anticipates developing draft pre-rulemaking regulatory language for stakeholder review in Q3 2017, and to begin formal rulemaking procedures in Q4 2017.

For information about the formal rulemaking process, please visit the [Office of Administrative Law's webpage](#).
